Chicago Export in the Media

Chicago Export will be featured in the premiere of Chicago's WTTW11, Biking the Boulevards. The show will air Monday, November 29th at 7:30 PM.

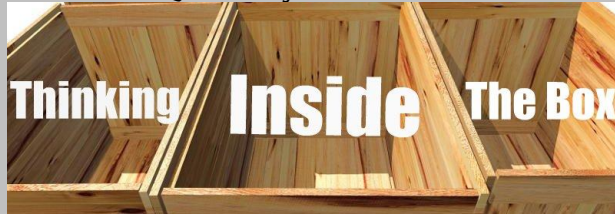

Chicago Export is located in the heart of Chicago's Manufacturing district on the south side of Chicago. Biking the Boulevards is a new special on Chicago's WTTW11 channel. In the show Geoffrey Bauer takes you on a virtual tour of Chicago's Boulevard on a bicycle!

If you live in Chicago, be sure not to miss this special! It's a great way to learn the dynamic history of the boulevard system - Chicago's being the first such system in the country!

Quarterly Newsletter

November, 2010

Greetings,

Chicago Export Packing provides full commercial and export packaging services. Our well trained packing and crating specialists, with an average of 10 year industry experience will analyze your cargo and determine the best possible option for the most secure shipment.

Chicago Export Packing will collaborate with you in designing a custom product that meets the unique needs of your level of protection. We will take into consideration issues like the dimensions of the cargo, the requirements of the shipping carrier and the customer's budget to create unique packaging solutions.

HOW SAFE ARE YOUR EXPORTS?

While there is no way to completely avoid cargo damage, there are solutions on the front end that help save time and possibly money. Packing the only factor we can all control that will have an impact on the cargo's safety.

Whether your cargo is moving within the safe,

nationally or internationally, chances are that the cargo is going to be subjected to one or more situations that could possibly destroy your cargo.

Chicago Export has a skilled labor team with this industry experience. We ensure safe and protective packing for any time of industrial product by any type of transportation.

With proper packing, cargo can withstand many potential damaging cargo situations that come along with normal transportation. Packing not only protects your product but it also makes it significantly easier for professionals to handle it along the way.

***Featured in SBS Worldwide News Bulletin October
2010 ***

Chicago Export handled an unusual shipment last month- a beautiful Harley Davidson Motorbik which was especially adapted for a disabled customer.

Dennis Potts, general manager of SBS for Chicago, says,

" Our guys here are pretty experiences but with something like this we called in the Chicago Export Packing Company who are specialists in this sort of thing".
